LYON, France, August 23, 2017 -- EDAP TMS SA (Nasdaq: EDAP), the global leader in therapeutic ultrasound, announced today financial results for the second quarter ended June 30, 2017, and provided an update on strategic and operational accomplishments.

"We are incredibly pleased to announce record second quarter revenue of €9.3 million", said Marc Oczachowski, EDAP's Chief Executive Officer. "Additionally, the 25% growth in HIFU revenues compared to the first quarter of 2017 shows a significant return from our increased sales and marketing efforts. We also submitted our 510(k) filing to the FDA for our novel Ablatherm Fusion device recently, and are working to file a new 510(k) application with the FDA for the Focal One device in the U.S. The addition of these HIFU devices to our U.S. marketing efforts, coupled with the active C-Code, should serve to help our customers service the widest possible range of patients".

Second Quarter 2017 Results

Total revenue for the second quarter 2017 was EUR 9.3 million (USD 10.4 million), compared to EUR 8.2 million (USD 9.2 million) for the second quarter of 2016, a 13.7% increase and the highest second quarter revenue in EDAP's history.

For the three months ended June 30, 2017, total revenue for the Lithotripsy division was EUR 6.4 million (USD 7.2 million), a 33.9% increase compared to EUR 4.8 million (USD 5.4 million) during the year-ago period. During the second quarter of 2017, EDAP sold 7 lithotripsy devices compared to 6 lithotripsy devices sold during the second quarter of 2016.

Total revenue in the HIFU business for the second quarter was EUR 2.9 million (USD 3.2 million) compared to EUR 3.4 million (USD 3.8 million) for the second quarter of 2016. During the second quarter of 2017, EDAP sold 1 Focal One and 2 Ablatherm HIFU devices compared to 1 Focal One and 3 Ablatherm devices during the second quarter of 2016.

Gross profit for the second quarter 2017 was EUR 4.0 million (USD 4.5 million), compared to EUR 3.5 million (USD 3.9 million) for the year-ago period. Gross profit margin on net sales expanded to 43.2% in the second quarter of 2017, compared to 42.2% in the prior year period, primarily due to increase in revenues.

Operating expenses for the second quarter of 2017 totaled EUR 4.4 million (USD 5.0 million) for the second quarter of 2017, compared to EUR 3.8 million (USD 4.3 million) for the same period in 2016. The increase reflects increased sales and marketing efforts associated with the expansion of the HIFU and UDS businesses.

Operating loss for the second quarter of 2017 was EUR 0.4 million (USD 0.5 million), compared to an operating loss of EUR 0.3 million (USD 0.4 million) in the second quarter of 2016.

Net loss for the second quarter of 2017 was EUR 1.7 million (USD 2.0 million), or loss of EUR 0.06 per diluted share, as compared to net income of EUR 2.5 million (USD 2.8 million), or earnings of EUR 0.09 per diluted share in the year-ago period. Net loss during the second quarter of 2017 included a non-cash interest expense of EUR 0.6 million (USD \$0.6 million) to adjust the accounting fair value of the outstanding warrants.

First Six Months 2017 Results

Total revenue for the first half of 2017 was EUR 18.0 million (USD 19.7 million) - a new record level for the period, up 6.3% compared to EUR 16.9 million (USD 18.8 million) for the first half of 2016.

For the six months ended June 30, 2017, total revenue for the Lithotripsy division was EUR 12.8 million (USD 14.0 million), an increase of 24.6% when compared to EUR 10.2 million (USD 11.4 million), during the year ago period. This increase was driven by growth in both the distribution business and lithotripsy device sales.

Total revenue in the HIFU division for the first six months 2017 was EUR 5.2 million (USD 5.7 million) compared to EUR 6.7 million (USD 7.4 million) for the six months ended June 30, 2016. This decrease was primarily due to slow U.S. sales of HIFU devices during the first half of the year, tempered by an increase in HIFU treatment driven revenues.

Gross profit for the first half of 2017 was EUR 7.6 million (USD 8.3 million) and gross profit margin was 42.1%, compared to 45.8% in the year ago period. The contraction in gross profit margin was primarily due to an unfavorable mix of HIFU and UDS segment revenues.

The Company recorded an operating loss for the first half of 2017 of EUR 0.8 million (USD 0.9 million), compared with an operating profit of EUR 0.4 million (USD 0.4 million) in the first six months of 2016.

Net loss for the first half of 2017 was EUR 0.1 million (USD 0.1 million), or EUR 0.00 per diluted share, as compared to a net income of EUR 3.9 million (USD 4.3 million), or EUR 0.14 per diluted share, in the first half of 2016. Net income for the first six months of 2017 included non-cash interest income of EUR 1.4 million (USD 1.5 million) to adjust the accounting fair value of the outstanding warrants.

At June 30, 2017, cash and cash equivalents, including short-term treasury investments, were EUR 18.6 million (USD 21.2 million).
