

Ablatherm-HIFU featured in UroToday.com Electronic Newsletter

EDAP and Ablatherm-HIFU were recently featured in an email distributed by UroToday.com to more than 10,000 urologists advising them of the site's HIFU Resource Center. UroToday.com, located at <http://www.urotoday.com>, is one of the top global destinations for up to date Urology information and the latest in clinical techniques.

The newsletter, excerpted below, contains direct links to the HIFU resource center with a wealth of Ablatherm-HIFU background and clinical data, a summary of a recent article reporting outcomes from 227 Ablatherm patients, a Webcast discussion on using HIFU for salvage therapy following radiation failure and HIFU abstracts from three urology conferences.
